December 2, 2003**COMMUNICATION**

Examiner Culbert requested facsimile transmission of the response filed most recently in the patent application referenced above. Attached is a copy of the response as-filed. The response was filed prior to the six month statutory deadline for reply. Also attached are copies of the fronts and backs of two return post cards sent with the response, indicating receipt at the U.S. Patent Office of the response. It is the Applicants' belief, therefore, that the response has been received by first class mail at the U.S. Patent Office and has been delayed in transmission from the mail room to the Examiner's desk.

If the Examiner has any questions or would like to discuss the claims, he is encouraged to telephone the undersigned Agent directly at his convenience at the phone number given below.

Respectfully submitted,
